

ALEJANDRO OLVERA

WEB DEVELOPER - FRONT END / BACKEND

[linkedin.com/in/alexoaa](https://www.linkedin.com/in/alexoaa)

www.alexoa.dev

México, México City

ABOUT ME

I am a web developer focused on frontend and backend. For my projects I have used Vue on the frontend and Nodejs with Express js on the server side.

I am interested in joining a team to gain experience in the software development process and with my experience, creativity and fresh ideas, contribute to the development and improvement of the value of the product, the company and the team.

Eventually becoming an experienced software developer and being able to lead a team of developers and future projects.

EDUCATION

UNIVERSIDAD DEL VALLE DE MÉXICO

Computer Systems Engineering, 2024

LANGUAGE

- Spanish - native
- English C1

EXPERIENCE

DOGBARBER - www.dogbarber.alexoa.dev

Website made for a small Pet grooming business. Its goal is to facilitate the process of scheduling and managing pet grooming appointments.

The client side is built using Vuejs, Sass and Tailwind CSS, Vite and PostCSS.

For the server-side Nodejs with ExpressJs was used.

This project is using MongoDB to save the users sessions, and to save the application data, a relational database with MySQL.
